

K-LOVE radio has been serving family, friends, and myself for several years now. This radio station provides us with clean, upbeat music that we all enjoy. We would be effected in our daily lives if K-LOVE were to be displaced by an LPFM broadcaster because we have come to learn and grow with K-LOVE radio. They exhibit good values for my children and their friends alike, making them better children and one day better citizens of the community. We listen to K-LOVE daily and hope and pray that the FCC will listen to us and keep K-LOVE from being overcome by an LPFM broadcast.

Thank you so much.
